Meet Patel

Full-Stack Developer (Fresher)

Location: Ahmedabad, Gujarat, India

LinkedIn: meet-patel-098993293 | GitHub: Meettomb
Email: patelmeet23032005@gmail.com
Mobile: +91 9725254775

Professional Summary

Full-Stack Developer (Fresher) with hands-on experience building web applications using JavaScript, React.js, Node.js, Express.js, MongoDB, and REST APIs, along with additional experience in ASP.NET Core and SQL Server. Strong understanding of backend development, database-driven applications, authentication, and MVC architecture.

Technical Skills

Language	: JavaScript, C#, PHP, Kotlin
Backend / Framework	: Node.js, Express.js, ASP.NET Core, WPF
Frontend	: React.js, React Router, HTML, CSS
Databases	: MongoDB, SQL Server, MySQL, SQLite
Dev Tools	: VS Code, Visual Studio, Git, GitHub, Postman
Core Concepts	: REST APIs, MVC, Authentication, CRUD

Core Competencies

- Leadership & Teamwork
- Problem Solving & Critical Thinking
- Communication Skills
- Smart Work & Ability to Work Under Pressure
- Strategic Analysis & Planning
- Time Management
- Dedication & Professional Accountability

Education

LJ University — Ahmedabad, Gujarat, India
Master of Computer Application — *2025 – Present*

LJ University — Ahmedabad, Gujarat, India
Bachelor of Computer Application ***(70%)*** — *2022 – 2025*

Sharda Vidyalaya — Ahmedabad, Gujarat, India
Higher Secondary (12th) ***(50.4%)*** — *2022*

Sharda Vidyalaya — Ahmedabad, Gujarat, India
Secondary (10th) ***(51.83%)*** — *2020*

PROJECTS

VOCO – Native Language Learning Platform *MERN Stack, MongoDB* **2026 (Web Application)**

- Developed a language-learning platform that helps users learn native languages through interactive lessons, vocabulary, grammar, and assessments.
- Built RESTful APIs using **Node.js and Express.js** with MongoDB for managing users, learning content, progress, exams, certificates, and multilingual data.
- Developed interactive React.js interfaces for learning chapters, MCQ exams, final assessments, progress tracking, and certificate generation.
- Implemented authentication, OTP verification, profile management, multilingual UI support, and image/profile upload functionality. **View Live**.

Focus Track – Productivity & Time Tracking App *C#, .NET (WPF/UWP), SQLite* **2025 (Desktop Application)**

- Developed a productivity desktop application that helps users track active usage time across apps and improve focus.
- Implemented features such as activity monitoring, session tracking, popup reminders, and distraction prevention.
- Added system auto-start functionality using Windows **StartupTask** and enforced single-instance application behavior.
- Designed a modern dashboard UI using WPF/UWP with real-time insights.
- Published on the **Microsoft Store** with SQLite-based offline usage tracking and analytics. **View on Store**.

HealthConnect – Doctor–Patient Platform *ASP.NET Core, C#, SQL Server* **2025 (Web Application)**

- Built a healthcare web platform for doctor appointments, video consultations, and patient management.
- Developed an integrated **e-commerce module** for medicine ordering and prescription handling.
- Implemented secure authentication, appointment booking, cart and order management.
- Managed structured data using SQL Server.

PlayMe – .NET Movie Streaming Platform *ASP.NET Core, C#, SQL Server* **2024 (Web Application)**

- Developed a movie streaming platform using ASP.NET Core MVC.
- Implemented video playback, watchlists, and playback tracking features.
- Built secure authentication and subscription handling.
- Used SQL Server to manage movies, users, and streaming analytics.

CERTIFICATIONS

- **Microsoft Full-Stack Developer Specialization** — Coursera
  - End-to-end application development, REST APIs, authentication, and backend architecture.
- **.NET FullStack Developer** — Coursera
  - Completed .NET Full Stack Foundation, Frontend Development using React, and Backend Development for .NET Full Stack.
- **SQL: A Practical Introduction for Querying Databases** — Coursera
  - Optimized SQL queries, joins, aggregations, and database-driven application design.
- **Interactivity with JavaScript** — Coursera
  - DOM manipulation, event handling, and dynamic UI development.
- **Advanced CSS Techniques & Responsive Design** — Coursera Responsive
  - layouts using Flexbox, Grid, and cross-device compatibility.
